TEAM FROM PHILADELPHIA BEATEN ON THE YONKERS LINKS.

QUAKER CITY MEN DO NOT PLAY AS WELL AS WAS EXPECTED-W. II. SANDS BREAKS

ms RECORD. 13 The visiting team of Philadelphia golfers, which played yesterday against representatives of the best skill of the St. Andrews Club on the links near Yonkers, met a decided defeat. It was expected that they would give their antagonists more trouble. but unfamiliarity with the course proved a fatal disadvantage. This was particularly noticeable in the approach play. Dr. Claxton, the champion of the Philatelphia Country Club, was not on the team-another misfortune for the Quaker City men.

Thirty-two holes was the total by which the St. Andrews team won. Each of its members defeated his opponent, easily, with the single exception of the Rev. Dr. Hainsford, who lost to Mahlon Hutchinson, of Philadelphia, by four holes. The most satisfactory incident of the match was

the lowering of the amateur record this own) for the course, by W. H. Sands, of St. Andrews. On November 25 last, he covered the eighteen holes in

November 25 last, he covered the cighteen holes in 85, and yesterday, by completing each half in 42, he bettered this by one stroke. Then, too, he was bunkered on the seventh or "Dell" hole on his first round, being obliged to take seven shots where he has often needed only five or six.

The best nine holes yesterday, were made by A. I. Livermore in 41. He was only one hole ahead of his opponent, Mr. Griscom, at the end of the first half, but improved so rapidly that he was six up at the end, James Park played with his usual reliability, beating his man by six holes.

His first drive for the home hole was quite remarkable, landing the ball from the tee close to the green. Dr. Rainstord was not in his usual form.

According to the usual golfing custom, a return match between the two clubs will probably be played later in the season at Philadelphia. The scores:

TOO MANY PLAYERS DROPPED OUT. THE KNOLLWOOD COUNTY CLUBS UNSATIS-FACTORY TOURNAMENT.

There was a rather unpleasant ending to the reg-ular competition for the Thebaud Golf Cup-at the Knallwood Country Club, of Elmsford, yes-terday. For some time is has been the custom of many of the players to withdraw from the game as soon as they found their scores running up so high as to give them no chance of winning. This heretofore has caused no open complaint. Yesterday there were eleven starters, but only three handed in cards at the finish. Protest was made against this unsatisfactory way of ending a tournaagainst this unsatisfactory way of ending a tournament. Those who had withdrawn asserted their right to do so. The dispute will come up for settlement at the next meeting of the club.

L. E. Van Etten was the winner of the tournament, with a scratch score of 98. The other scores were: R. Churchill, 112; A. T. Gillender, 139. N. C. Reynolds, E. S. Reynold, E. H. Clark, P. G. Thebaud, Miss Enos, Mrs. P. G. Thebaud, J. S. McComb and Harry A. James withdrew.

PATERSON TOURNAMENT A TIE. S. M. ALLEN AND DANIEL GRIGGS WILL PLAY OFF FOR THE CUP.

The regular monthly handicap tournament yesterday at the Paterson Golf Club brought out a good number of players. The course, which is naturally extremely sandy, is suffering from lack of rain This makes the approaches and, in fact, all the shots except the first drive from the tee much more difficult than usual. S. M. Allen and Daniel Griggs, Governor Griggs's youngest son, tied for first place with the same net and gross scores, 104, 14, 90. Mr. Griggs is a new player, but is rapidly de-14. 90. Mr. Griggs is a new player, but is rapidly developing skill at the game. His second round yesterday was made in 48, which is a capital score terday was made in 48, which is a capital score good to be used to be seen time next week he and Mr. Allen will play off the tie for the cup. The medal offered monthly by the club will also go to the winner.

Governor Griggs was one of the players yesterday, but did not turn in so good a score as usual. The net scores follow: S. M. Allen, 30; D. Griggs, 30; Robert Goodbody, 92; A. Graham, 106; Henry C. Knox, 108; H. Hiwat, 110; S. B. Farnham, 117; C. D. Cooke, 125; John W. Griggs, 129.

THE POLICE AND THE CLUBS.

Acting Chief Cortright was seen yesterday relative to the opinion of Magistrate Cornell, who in the case of an alleged violation of the Raines Liquor law in the rooms of the Defender Club, Seventhave. and Forty-ninth-st., said that every club which supplies liquor to its members or outsiders friends of members should hold a liquor tax certificate. His opinion is contrary to that given by Corporation Counsel Scott, that bona fide clubs are not subject to the provisions of the Raines law. Mr. Cortright was asked whether the police would take any notice of Magistrate Cornell's opinion in enforcing the ex-

cise law.

"The police," he said, "will do as they have been doing. We are acting under the opinion of the Corporation Counsel, who is our legal adviser. Mr. Scott says clubs are not subject to the provisions of the Raines law, and we will be guided by his opin-

GAMES YESTERDAY.

Cincinnati, May 16.-To-day's game between

Brooklyn and Cincinnati was the best of the season at the local park. It was a pitchers' battle from the start and although the Brooklyns made one more hit than the home players, they did poor work on bases. Brooklyn had several chances to win, but owing to Rhines's fine pitching the needed hit was not forthcoming. Irwin's catch of a foul fly and Anderson's batting were the features. Attendance, 4,009. CLEVELAND, 8; NEW-YORK, 2. MEEKIN KNOCKED OUT OF THE BOX-NEW YORK COULDN'T BAT.

Cleveland, May 16.-The Clevelands won today's game from New-York, and made it three straight. Like the other two games of the series, the game was won by superior batting. Hits were bunched on Meekin, and he was knocked out of the box. Cuppy pitched a great game for Cleveland, and had the New-York batters, with the exception of Van Haltren and G. Davis, at his mercy. A LOOSE-JOINTED BALL GAME. WESLEYAN'S POOR FIELDING GAVE ORANGE THE

BALTIMORE, 8; CHICAGO, 7.

Chicago, May 16.-The Baltimores won from the Colts to-day after a long and tiresome game filled with poor plays and continual wrangling. Thornton pitched the first two innings and was hit six times. McFarland took his place and put up a good game. The Colts' support was not good. Arthur Clarkeon pitched a good game for the Orioles, and had good support. Doyle hurt his ankle in the eighth. The weather was threatening, and it was almost impossible to see the ball at times. It was the longest game of the season. The score:

Basehits-Chicago 10, Baltimore 11, Errors-Chicago 1, Baltimore 2: Batteries-Thornton and McFarland, Donohue and Kittridge, Clarkson, Clark and Robinson. Impire-Sheridan.

WASHINGTON, 7; ST. LOUIS, 1.

St. Louis, May 16.-The Senators took kindly to Donohue's pitching to-day, and the Browns barely saved a shut-out by earning a run in the first in-ning, Maul being effective at critical points. Ni-

Basehits—St. Louis 3, Washington 12, Errors—St. Louis 2, Washington 1, Batteries—Donohue and Murphy; Maul and McAuley, Umpire—Emsile.

BOSTON, 6; PITTSBURG 4.

Pittsburg, May 16.-Killen pitched a good game today up until the eighth inning, but in that inning he weakened, and Boston batted out three runs. Boston kept the stroke up by hitting in two more runs in the ninth, winning the game. Stivetts had only one bad inning, the fourth, when he tractically gave Pittsburg three runs through his wildness. He made up for this, however, in the eighth, when his triple tied the score. Ely deprived Boston of at least two hits by marvellous fielding. Attendance, 4,500. The score:

Basehits-Pittsburg 6, Beston 9, Errors-Pittsburg 3, Boston 3, Batteries-Killen and Sugden, Stivetts and Ganzel, Umpire-Keefe.

arrested there, arrived here yesterday on the Cam-pania. He was in charge of detectives, who started immediately for Denver with him. A COMPETITIVE EXAMINATION ORDERED. Albany, May 16.-Governor Morton has disapproved a resolution of the State Civil Service Commission placing in the non-competitive schedule, without examination, the position of clerk in the State Shelifish Commissioner's office in New-York City. consideration in the coming State Convention," for marked Colonel Gaynor, "to predict anything about the attitude of the New-York delegation in the National Convention. Perhaps the hardest fight will be made to see whether the State officers shall nom'nated by this convention. Many believe the nom'nated by this convention. Many believe that an early convention and a long campaign will had an early convention and a long campaign will had the Democratic candidates for the State officer. That remains to be seen, however," Colonel Gaynor is the man that coined the phrase in 1888, when it is the man that coined the phrase in 1888, when the was a candidate for Governor, "I would rathe have was a candidate for Governor, "I would rathe have the support of the saloons than the churches any day in the year." He says this still holds good, and that it elected Hill in 1888. Captain Robley D. Evans, U. S. N., says that he lid not try to advise the Administration what to do in the Cuban matter. Captain Evans, known lovingly in the Navy as "Fighting Bob," is a whole souled, genial officer, and at the Albermarle Hotel he spent a part of a recent afternoon with sev-eral companions. "Fighting Bob" is a warm per-sonal friend of President Cleveland. The story that has been going the rounds is that Captain Evans got it into his held that the Spanish Government ought to be taken in hand and corrected. Accordingly he went to President Cleveland and, after citing his views, said strenuously: "Give me the Indiana and let me have a try at the Dons and there will be no language but Spanish spoken in h- for will be no language but Spanish spoken in h— for five years to come." President Cleveland is reported to have referred him to Secretary Olney, and to him "Fighting Bob" remarked: "Give me the Indiana and I'll bring you back a box of cigars from Cuba." Secretary Olney smiled and said. "I don't smoke." Captain Evans good naturedly said that the yarn was only a revamping of the old story told on him when the Chilians stoned his men from the Baltimore. Then he is reported to have visited the American Consul in Chili and warned him that if his men were stoned again "he would make h-smell of garlic in the morning." Captain Evans is proud of the rew ship he commands, and he is proud of the fleet. He says that the rendezvous of warships of the American Navy in the New-York Harbor this summer will be one of the finest sights the country has seen in a long time.
